SIGNATURE EVENTS

- **Performance and Capacity Hackathon – Winter, Seattle**
  - At this hackathon event, participants will be challenged to utilize datasets, development technologies, and performance testing tools to solve real world problems. Sponsors may host challenges and offer their technology for use by participants.

- **Virtual Conference – Spring, Online Only**
  - CMG will host its first – entirely online- virtual conference. Subject matter will pertain to performance and capacity, big data and analytics, and cloud and distributed systems. Partners may provide keynote presentations as well as tech demos.

- **Women in Tech Event– Summer, Boston**
  - At this event, content will focus on connecting and educating female technology leaders. Topics will be relevant from both a technology industry- and professional development- perspective.

- **imPACt Conference – Winter, Seattle**
  - At CMG’s cornerstone conference, technology professionals gather for sessions on performance, capacity, mainframe, cloud, security, and more.
OTHER CMG ACTIVITIES AND PROGRAMS

- **Regions**
  - CMG has multiple regions in North America and internationally. Most regions are hosting 2-3 events annually and sponsor support is always appreciated. Each has their own board, events schedule, and pricing, but CMG HQ can make the appropriate recommendations and introductions to group leadership.

- **YouTube Video Project**
  - As part of our goal to expose a greater audience to CMG, we are embarking on a video project where we will produce a series of videos to drive exposure to the performance and capacity industry. Most likely, these videos will introduce P&C in terms that a typical consumer or entry-level technologist can grasp.

- **Publications**
  - CMG exposes its members (and network) to content and ideas through the use of several publication outlets: Webinars, Blogs, and Email communications.

- **Membership**
  - At CMG’s cornerstone conference, technology professionals gather for sessions on performance, capacity, mainframe, cloud, security, and more.
For CMG supporters who contribute at a higher level annually, we are pleased to offer the following benefits in addition to the benefits with your individual sponsorships.

CMG is launching a new video content program in 2018 and we are looking for partners!

Throughout the year, CMG will work with key resources to produce a series of videos that examines all the sides of performance – including the consumer perspective.

Videos will be shared on CMG’s YouTube channel, through email marketing, and embedded on the website.

In addition to logo placement and on-camera acknowledgement, the partner will have the opportunity to work with CMG on the production of the video.

### Partnership Investment

- This is a new program for CMG. We are currently looking for partners for $7,500 per video.
AMPLIFY BLOG

- CMG is pleased to present Amplify, a blog offering frequent updates of crafted content, as well as dynamic elements that will make readers want to keep the site open all day.

- Reach: Amplify continues to grow and currently has between 175 and 250 readers per month who spend more than 2 minutes on the site. Moreover, blog traffic is generated in many ways, including through the Measure IT newsletter. Sponsors will be included in the newsletter with logo placement and link.

- CMG is pleased to offer one sponsored blog post opportunity per week and to offer a 15% discount on the purchase of 3 or more blog post sponsorships.

In April/May 2018, CMG will host its first – entirely online- virtual conference. Subject matter will pertain to performance and capacity, big data and analytics, and cloud and distributed systems.

This unique event will be held entirely online. Participants will pre-register for updates and “inside access” but anyone can attend the conference from any computer or mobile device with internet and YouTube Live access. Viewing parties highly encouraged!

CMG will host a Slack channel during and after the event for registered participants to make connections and interact with speakers and sponsors.

Why Virtual?
- Less travel time means more time for you at work or with your family
- Access all conference materials and audio online after the event
- Connect with a larger and more global audience, many of whom may have not attended due to cost and travel constraints
- Access the whole event from the comfort of your own home or office
- Consider the efficient the transfer of information and how that will translate directly to your bottom line
We are seeking sponsor partners for this first ever CMG Virtual Conference. A virtual platform means that your audience possibilities are significantly greater than at an in-person event.

Some levels of sponsorship include Speaking/ Moderating Opportunities; Video Ad and logo placement; Material inclusion in attendee emails; and lead generation.

All sponsorship packages include:

- Featured as show sponsor/exhibitor on promotional materials, registration page and show agenda
- A “Promotional Package” you can use to promote show involvement
- Networking opportunities: Chat with attendees and prospects in the Slack Channel
- The ability to upload one item into the attendee resource center. (online portal to download ppts and other materials.)
